

AC•Tech Pre-Project Approval Form

Project Name: _____ Date: _____

Project Size: _____ Est. Work Start Date: _____

Product(s) Specified: _____

Approved Applicator: _____ Title: _____

Contact Ph: _____ Contact Email: _____

This letter affirms that Allied Construction Technologies (AC•Tech) has reviewed and approved the Pre-Project Section of the Project Survey for the above-mentioned project and that application of all specified AC•Tech products and systems may proceed. This approval is contingent on the following:

1. Information contained within the submitted Project Survey is correct and accurate.
2. The applicator has been trained and approved by AC•Tech as an Approved Applicator, or is awaiting training and approval and is eligible for warranty coverage.
3. The applicator has read and understood the product application requirements, system limitations and warranty terms as stated on all associated AC•Tech Technical Data Sheets, Installation Guidelines and Warranty Forms & Requests.

If any information in the Project Survey is found to have been falsified, inaccurate or incorrect, this approval shall be null & void and proceeding with product application will not be approved, nor will it qualify for a warranty. Furthermore, a Warranty Request Form will not be accepted and a Warranty will not be issued. In order to obtain or maintain approval, all discrepancies must be clarified and resolved with AC•Tech technical staff within ten (10) working days of Project Survey submission. If there is a discrepancy for a project that has already been warrantied, that warranty may be limited or voided if it is not resolved. Consult AC•Tech staff with any questions or concerns regarding Project Survey discrepancies.
